2019-2020 Annual Performance Reports

The 2019-20 [Annual Performance Reports](#) (APR) are now available for review in DOE Online. The report is accessible to Corporation Administrators under the “Annual Performance Report” menu item. All school corporations are required and expected to publish the APR pursuant to IC 20-20-8-3, unless the State Board has approved a request to waive such statutory requirements under IC 20-31-4.1-4. For more information on the report, including publication requirements, click [here](#). Questions regarding the APR report may be directed to Jeff Milkey.

APR – Publishing Summary Information

Legislation in the 2020 Indiana General Assembly offered schools flexibility to publish summary information, rather than the full APR, in their local paper. The Department did not prepare summary reports, but all relevant datapoints (except G) can be found on the full APR report for your corporation. Item (G) should be available from your corporation business office/finance department. Please reach out to datarequests@doe.in.gov if you have questions on this legislation.
